## GINGHAM GLORY QUILT PATTERN | IT'S ONLY FABRIC AND THREAD

## Before you begin:

- All seams are $1 / 4$ " unless directions specify
- Selvages should be removed
- Width of fabric is abbreviated "WOF" and is assumed to be 42 "
- Fat Quarter is abbreviated "FQ" and is assumed to be 17 " x 21 "
- Pattern is for personal use only. Do not copy, sell or distribute without written consent.
- License to sell: You may sell items made using this pattern as a small independent seller. Please credit the pattern design to "It's Only Fabric and Thread".

## Cutting Requirements:

Cut fabric into 5 " x WOF Strips. Then sub-cut into 5 " squares. (Note: You can make this pattern larger or smaller by changing the size of the square.)

You will need the following number of squares for each fabric:

- Fabric A: 20
- Fabric B: 31
- Fabric C: 48
- Fabric D: 43
- Fabric E: 79

## Assembling the Quilt Top:

Use the diagram on page 4 to layout your rows.

Once you have laid out your rows, assemble each row. Once an entire row has been sewn together, press your seams to one direction. Repeat this process until all rows are assembled. Alternate your pressing direction for each row. This will allow the rows to nest and give you the clean gingham look.

Once all rows are assembled, combine the rows to finish the quilt top. To ensure a smooth quilt top, press seams open when combining rows.

Finished quilt top should measure 58" x 76".

## Finishing your quilt:

## Backing

Piece the fabric for the quilt backing as needed.

Basting your quilt top, batting, and backing into the quilt sandwich
Lay backing fabric completely flat and right side down on a large flat surface. You can tape your backing fabric down with masking or painters tape to ensure it is completely flat and does not move. Place your batting on top of your backing fabric and smooth out as flat as possible. Add your pressed quilt top right side up and smooth it out. Baste all three layers together using your preferred method. We typically pin baste using large curved safety pins, and space them $4-5$ " apart.

If you're feeling fancy, you could send your quilt off to be long-arm quilted and pick one of the many available designs or have it custom quilted. If that is your choice, you can skip the quilt sandwich and prepare your quilt top and backing fabric as instructed by your long-arm quilter.

## Quilting and Binding

Get creative and let your imagination be your guide! This design would look great with some custom quilting, or even some simple straight lines.

## Finishing your quilt:

## Quilting and Binding (continued).

Sew your binding fabric, or purchase a pre-made option, and attach to the quilt as desired. We typically make our own binding using 2.25 " strips (cut WOF) and sew together on the diagonal to reduce bulk; then we machine stitch both the front and back edges to the quilt.
